# Find your element... in Rotorua

There's nowhere else in the world where earth, wind, fire and water exist in such a potent way. Rotorua is the place to combine all the elements, bringing people and place together to create the ultimate experience.

## Earth/Whenua

Inspired by niho taniwha (teeth of the taniwha), this pattern represents the myths and legends of the Māori people. The tapatoru (triangles) symbolise strength and resilience, and mirror the shape of our mountains and forests.

## Air/Hau

Four koru designs represent nga hau e wha (the four winds), which were thought to be controlled by tohunga (priests) to help their tribe. This symbol is representative of bringing people together.

## Fire/Ahi

The kaokao pattern reflects the burning passion of Māori warriors – arms strong, standing united – as they perform the haka, a fierce display of pride and strength.

## Water/Wai

Called the 'life giver of all things', this symbol represents wai giving energy to the koru as it unfurls. The three ripples relate to the lakes, rivers and geothermal waters, which each have their own mauri (life force).

SECRET SPOT  
HOT TUBS

# DO SOMETHING NEW IN ROTORUA

Come to Rotorua to discover many new and exciting things to do and see

New Zealanders are known to be practical problem solvers and the concept of Kiwi ingenuity is something we're all proud of. Check out some of the new activities that have opened their doors recently in Rotorua.

One of the most recent creations has very quickly become a locals' favourite. The idea was sparked as two brothers canoed down the Whakatāne River through strong gales and driving rain. Thinking "warm, happy thoughts" as they paddled led them to a brilliant

business idea. A few years later the "shinny dip" was created and **Secret Spot Hot Tubs** opened its door. Besides shinny dipping to soothe feet and legs, a dozen cedar hot tubs of fresh forest spring water are perfect for soothing a tired soul.

On the other end of the comfort scale is **Redwoods Altitude**. Designed to showcase our spectacular Whakarewarewa Forest, Altitude takes you through an exhilarating guided journey along 25 Indiana Jones-style jungle bridges – from 25 metres up! This is another eco-adventure from the renowned team who created Redwoods Nightlights, which was recently named number two in the world's forest canopy walkways by Lonely Planet.

  
 ROTORUA  
 CANOPY TOURS

Another award winner is **Rotorua Canopy Tours**, who's been recognised as a leader in eco-tourism. Their mind-blowing Ultimate tour includes a cliff-top walkway, suspended spiral staircases, and a controlled descent from a towering tree down to the forest floor below. The longest zipline is 400 metres and will have you soaring across a fern-filled valley. Along the way, knowledgeable guides provide fascinating commentary about the history, ecology and birdlife of this area.

  
 VOLCANIC AIR

**Volcanic Air's** floatplane tours start and end on the water, with the option of also being IN the water when you get dropped off for a relaxing soak in the secluded Manupirua Springs Hot Pools on Lake Rotoiti. These pools, located right on the edge of the lake and surrounded by native bush, are only accessible by boat or floatplane, making it a very special place to visit.

  
 WINGSPAN  
 NATIONAL BIRD OF  
 PREY CENTRE

Did you know the karearea, or New Zealand falcon, is more rare than the kiwi? **Wingspan National Bird of Prey Centre** is recognised as New Zealand's leading conservation, education and research organisation for birds of prey.

While Wingspan is in the process of building their new bigger and better centre, they're still hosting their ever-popular 'Flight of the Falcon' show on Thursdays, Fridays, Saturdays and Sundays at 11:30am (bookings essential). Seeing these spectacular birds in action is a must, and your entry fee will assist the fundraising efforts for their new centre.

# FOODIE FAVOURITES

Dining and travelling go hand-in-hand. Take the humble picnic – perhaps this was the first “dining out” experience from which the restaurant evolved. We don’t know this for sure, but we do know that when you visit Rotorua, you have a vast array of eateries to choose from. Here are a few of our long-time faves as well as newcomers to the scene.

## A TASTE OF CULTURE

**Pātaka Kai** restaurant at Te Puia is now open to the public without an entry fee. This is great news for foodies as the chefs at Pātaka Kai know what they’re doing! The menu showcases a contemporary fusion of Māori flavours and traditional cooking methods, served with a side of beautiful views of Pōhutu Geyser and the geothermal valley. Join them for the new grazing dinner on Friday and Saturday evenings, daily lunch, or Sunday brunch.

Could the humble yet delicious hāngī pie be a Rotorua creation?

Possibly not, but the **Geyser Café** at Whakarewarewa Living Māori Village has been serving up this popular culinary delight for years. Geyser Café is open 10am to 2pm, Wednesday to Sunday, to satisfy your hāngī pie cravings!

## RETURN OF THE GENERAL STORE

If 2020 has taught us anything, it’s the importance of community, supporting local, and even protecting our precious natural resources.

**Okere Falls Store**, which local residents would likely consider the heart of the Okere Falls community, continues to source New Zealand made food (some as close as their own backyard garden), drinks and products.

While the general store/café/beer garden has been thriving for years, what’s new you ask? Burgers!

Every Thursday, Burger Night features a choice of two newly created burgers with wonderfully imaginative ingredients and great names.

Waimangu Volcanic Valley has

PĀTAKA KAI

WAIMANGU LOCAL  
STORE & CAFÉ

recently opened **Waimangu Local Store & Café**, a sunny, cosy spot overlooking the incredible valley created when Mount Tarawera erupted in 1886. Focusing on supporting local as much as possible, the store and café are stocked with Kiwi-made products including a range of specialty food and drinks, gifts and clothing made in Rotorua and around New Zealand.

If you can't stay and tour the amazing volcanic valley, that's ok. The Store is the perfect place to meet up with friends for a coffee and brunch or a couple of adult bevies and lunch. You can also pick up a treat for yourself, a gift for friends and family, or a little piece

THE MAINS

of New Zealand to take or send overseas.

#### LOCAL LUXE

If you're in town and looking for something a bit special, how about brunch or dinner overlooking beautiful Lake Rotorua? Peppers on the Point is a former 1930s lakeside mansion with distinct charm and design. Now a boutique lodge, it provides a tranquil setting with amazing views and sunsets. Peppers has recently opened **The Mains**, which offers a new a la carte dinner menu featuring fabulous locally sourced cuisine and fine wines from the cellar. They're also open for brunch on the weekends. Be sure to book ahead.

MATAI  
RESTAURANT

Now here's something we can really sink our teeth into: supporting a chef and restaurateur who puts his employees first. **Matai Restaurant** founder and executive chef Ryan Gregorash is New Zealand's first #FairKitchens ambassador, advocating the global movement of building a positive culture within kitchens and the fair treatment of hospitality staff.

Regarding the food itself, Matai's fine dining menus change with the seasons and offer only what is fresh and available each day. Carefully balanced, flavoursome dishes are crafted from local ingredients and perfectly presented.

# CREATE SPECIAL MEMORIES

**Rotorua is a great place to spoil yourself or a significant other by enjoying specialty and bespoke experiences, fine dining and luxe accommodation.**

Whether you've got a significant life event to celebrate, or you just love an indulgent holiday, there are so many amazing options in Rotorua, you'll need at least a week to get through them all.

## TAKE TO THE SKIES

Gain a different perspective of

our beautiful forests, 18 lakes, and geothermal valleys by viewing them from above – as well as dropping in for a visit.

Start your getaway by seeing and visiting places most people don't because they're out of sight or only accessible by air. **Volcanic Air** helicopter and floatplane tours

range from flyovers to landings on the summit of Mount Tarawera. More options are available, including a floatplane tour to hot pools which we talk about in *Do Something New in Rotorua* over on page 9.

If you're keen to explore new frontiers in mountain biking, contact **HeliBike Rotorua** for a tour to remember. Experience the exhilaration as you, your mates and your bikes are delivered via helicopter to one of three renowned mountain bike trails ranging in length from 35km to 103km. This is epic-status mountain biking.

## GET YOURSELF INTO HOT WATER

Normally one tries to avoid getting themselves into hot water, but in Rotorua, it's highly encouraged and people have been doing it here for centuries.

The abundance of geothermal hot pools and spas gives you no excuse to miss out on a bit of relaxation and pampering. **Polynesian Spa**

  
POLYNESIAN  
SPA

  
PURE CRUISE

is the place to start. Book in for a rejuvenating massage and they'll encourage you to prepare your mind, body and skin first with a relaxing soak in one of their hot pools overlooking Lake Rotorua. Well, if you insist...

Two more lakes have hot springs along the water's edge and both are a bit tricky to get to. Lucky for you, we know people with boats!

Lake Tarawera has **Hot Water Beach**, and Lake Rotoiti has **Manupirua Springs Hot Pools**. To access the former, **Totally Tarawera** offers a variety of eco tours that include visiting Hot Water Beach for a geothermal soak. To access the latter, indulge a bit with a

  
MDA EXPERIENCES

chilled-out, private charter, eco-sailing experience aboard **Pure Cruise's** 53-foot luxury catamaran Tiua. On-board facilities include galley, licensed bar and three guest bathrooms. All Pure Cruise tours are customisable to provide bespoke experiences.

Speaking of bespoke, be sure to check out **MDA Experiences** who are all about personalised and personable one-of-a-kind tours and excursions. With more than 20 years under their belts, they know all the spots, both on and off the main tourism grid, and offer to create the best, most epic experiences possible, even extreme adventures. If you can dream it up, they can deliver it.

  
TOTALLY  
TARAWERA

### A PLACE TO REST

As we mentioned earlier, you'll need more than a day in Rotorua in order to enjoy all there is to do and see, so you're going to need a great place to rest, refresh and repeat.

Outdoorsy types will love glamping amidst native bush with **Totally Tarawera**. Also located on Lake Tarawera is **Solitaire Lodge**, a luxury lodge offering breathtaking views from a variety of suites.

Another lakeside luxury lodge is **Peppers on the Point** which overlooks beautiful Lake Rotorua and our treasured Mokoia Island.

**Treetops Lodge & Estate** is a rustic yet elegant lodge nestled in 2,500 acres of private native forest and pristine wilderness.

# ENJOY SOME FREE-DOM

**Don't let the nay-sayers tell you otherwise: sometimes the best things in life ARE free**

If, like many of us, you're crunching the budget but itching to get out and do SOMETHING, we've got you covered. Think Papatūānuku (Earth Mother). Think lakes, forest, parks and mountains – all right here in Rotorua and perfect for enjoying year round.

## BEAUTIFUL LAKES

If you love being in or on the water, bring your family to Rotorua. Most of our 18 sparkling lakes and three major rivers are open to public use, and all without spending a single cent.

Enjoy a refreshing freshwater swim. **Lakes Tikitapu** (aka Blue Lake), **Okareka** and **Tarawera** are a few of our favourites.

The lakes are great for cruises on by boat, kayak, canoe, packraft or SUP to see the beautiful tree-lined shores, summer baches, and water fowl going about their business. Pack a few sammies and something to drink, and enjoy a cruisey afternoon outing.

Many of our lakes can be enjoyed via free trails and walkways, too.

The boardwalk at **Lake Okareka** takes you through native vegetation, farmland, beach, lake and wetland scenery, and features expansive views and wildlife, including our much-loved dabchicks. The wood boardwalk is flat and wide, easily suited to pushchairs.

**Lake Tikitapu's** Blue Lake Track circles the lake in mostly undulating bush with a couple of beaches thrown in. If you've got Roger the retriever along, he's welcome to join you as long as he's on leash.

## A TRANQUIL FOREST

Our beautiful **Whakarewarewa Forest** is arguably one of Rotorua's best assets. Walk or mountain bike amongst thousands of giant California redwoods, take in the natural beauty, admire the flora and fauna, and enjoy the cool, fresh air. Wide, sweeping, pushchair-friendly

and well-signed tracks of varying lengths allow you to spend an hour or whole day here and it won't cost you a thing.

## PICTURE-PERFECT PARKS

The **Government Gardens** is another great place to get some fresh air while stretching your legs.

**Rotorua Museum**, the **Blue Baths**, the **Klamath Falls Rose Gardens**, **Te Runanga Tearooms** and **Band Rotunda** are all located here.

Klamath Falls Rose Gardens on

Queens Drive are named after Klamath Falls in Oregon, USA – a sister city to Rotorua. Beautiful roses are in bloom from mid-November to June.

Near the centre of town you can explore **Kuirau Park**'s natural hot springs, bubbling mud pools, stunning gardens and even a crater lake. Take some time to soak your feet in the recently renovated geothermal foot baths, a lovely way to relax.

More commonly known by locals as the Tree Trust, **Centennial Park** offers 20 beautiful, grassy, tree-dotted hectares of rolling hills and gullies. In spring, thousands of tui flock here when the trees are in flower, happily singing their little hearts out while they dine on their favourite nectar. Sheep are the eco-friendly grounds keepers here, so be sure to close any gates you go through.

### MIGHTY MOUNTAINS

**Rainbow Mountain** can be tackled by mountain bike or on foot. It takes the average person on foot an hour and a half to reach the summit but the time will fly by as you check out this amazing geothermal mountain, with crater lakes and magically coloured earth. At the summit, 360-degree views reveal Mount Tarawera, three lakes, forests, ranges and even the volcanic peaks of Mount Tongariro to the south.

The first part of the **Mount Ngongotahā Nature Loop Track to Jubilee Track** follows an easy grade through native bush that features one of the largest rata trees (40 metres tall!) in the Bay of Plenty, plus a viewing platform. It then continues on to where the trail becomes moderately steep until near the summit. Once you reach Mount Mountain Road, keep going as it's just a short walk further to the summit.

### BEFORE YOU LEAVE HOME

Firstly, if it's possible, load up your family's bikes – even the balance bikes! Apart from Whakarewarewa Forest, Rotorua is mostly flat. Bike lanes and shared-use paths and sidewalks through town make it easy to see the city via pedal power.

To see the countryside, the 51km **Te Ara Ahi** national cycle trail, which is almost entirely off-road, is your best bet.

If it's chilled and meandering paths through the forest you'd like to try, or you're a shredder from way

back, nearly 200km of purpose-built, gold-status mountain bike trails await you in Whakarewarewa Forest, including a Kiddie's Loop. There are trails for every level of rider, never a fee to ride, and the trails are always open.

Many of these public facilities offer plenty of parking, playgrounds, picnic areas with BBQs, and public toilets, but it pays to check ahead to ensure you're prepared.

# INTERVIEW WITH JAY & SARAH

We recently invited My Kitchen Rules stars and Instagram influencers Jay and Sarah to visit Rotorua with their three children. Here's what they had to say about their time here.

**What activities would you say are must-dos for families visiting Rotorua this summer and why?**

Definitely Skyline Rotorua! You get so much included in your time there for the whole family. You get a gondola ride up and down. The Luge rides, zipline and Skyswing are super cool. If anyone in the family isn't keen on anything extreme they can chill out in the café with some yummy food and take in the beautiful views.

**Are there any hidden gems that you discovered during your visit to Rotorua?**

Yes! Secret Spot Hot Tubs are a vibe! They're hidden in the forest surrounded by nature and it even has a stream flowing down the back that really sets the tone of the calming setting. The tubs are just amazing and so relaxing! But best of all they have a drink service so you can get your hot or cold beverage ordered straight to your private tub.

**Do you have any childhood memories of visiting Rotorua? If so, what are they and why did they leave a lasting impression?**

Yes! We both grew up in Hamilton so Rotorua was only a hop, skip and a jump away. Growing up we both played representative sports for Waikato and we would often go to Rotorua for tournaments. We always looked forward to it because it always had so many fun experiences and activities to do. Going to Hell's Gate was always a favourite, getting to dunk in the mud pools was cool!

**What memories do you think your children might have of their visit to Rotorua?**

A highlight for them this time around was definitely going to the Redwoods Treewalk even though Mum was a bit scared. They couldn't stop talking about all the fun they had feeding all the animals at the Rotorua Heritage Farm!

Skyline Rotorua is always a hit for them – it's probably their fourth time there.

**Would you recommend that other families get out to enjoy Rotorua? If so why?**

We 100% recommend that families visit Rotorua, it's definitely a family destination. It's so central to the North Island so it's not too far to travel to. There are so many fun family activities that cater to all ages. Everything is so close and central to the city so you can get to places really quick which is important when taking the kids around all day.

**What do you (Jay and Sarah) do professionally?**

We are published cookbook authors, cooking show presenters, recipe writers, content creators and we also run a food course as well. And we love to eat, so you can say we have a thing for food!

**When you aren't busy with work what gets you up in the mornings?**

The three kids! Hahaha! The boys are always first up, even earlier in the weekends.

There are two unique eco-tour experiences to choose from, featuring a network of ziplines, suspended swing bridges, cliff walks and treetop platforms, which journey deep into 500 hectares of ancient forest. Get below the surface, above the trees, learn about the past and become part of the future in an adventure like nothing else.

Each tour has a limit of 10 people and your knowledgeable kiwi guides bring fun and creativity to a story that goes back 1000 years. It's an adventure that puts you at the heart of the forest restoration story, with every ticket purchased contributing to conservation efforts to restore the Dansey Road Scenic Reserve.

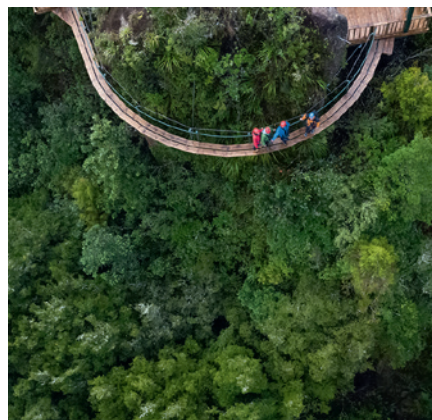

### THE ORIGINAL CANOPY TOUR

This award-winning three-hour tour is perfect for all ages. Your guides will

show you what New Zealand was once like from the top of the forest canopy and explain the conservation challenges that now exist. In between the thrill of ziplines and suspended tree bridges, you'll see and hear wood pigeons, tui, North Island robins, bellbirds, tomtits, fantails and more as they flit amongst the tree canopy around you. Come and explore this unique environment and create amazing memories that will last a lifetime.

### THE ULTIMATE CANOPY TOUR

The Ultimate Canopy Tour is higher, longer and even more spectacular than the award-winning Original Canopy Tour. The Ultimate Canopy Tour is not for the faint of heart, this experience is a step up in adventure level and incorporates some incredible new features that will blow you away. It includes a 50-metre high suspended cliff-face walkway, swing bridges, controlled descent and an impressive 400-metre long tandem zipline, so you can share the experience of our longest zipline together! Glide across wide open valleys, deep gorges and lose yourself in this untouched forest.

## PARADISE VALLEY SPRINGS WILDLIFE PARK

Interact closely with a range of New Zealand's wild animals, native birds, farm animals and trout, and get up close to a large pride of African Lions.

### DON'T JUST LOOK, GET HANDS ON

Animals that are found wild around the country such as deer, goats, tahr and wallabies, as well as a range of sociable farm animals like alpacas, emus and sheep can all be hand-fed throughout the day.

### UP CLOSE WITH THE NATIVE BIRDS

Visit the Kea, New Zealand's infamous and comical parrot in their walk-through aviary, see kakariki and kereru birds and meet our friendly tui. Stroll through our waterbird wetland for great views of native and introduced waterfowl, and look out for the different native birds living wild around the park.

### CASCADING WATERWAYS

Fern edged pools show off hundreds of rainbow and brown trout. Feed the wild trout in the natural stream and get eye to eye at the underwater window. Look out for large native long-finned eels lazing in their ponds.

### NATURE AT ITS BEST

Pathways through native trees lead to our freshwater spring where you can drink straight from the source, then

purchase some of our own bottled 'Paradise Pure' to take away with you. Take our elevated treetops walk in a tranquil and secluded area of the park, putting you up near the canopy of the trees.

### THE PRIDE OF PARADISE

There is also a pride of African Lions that can be seen all day in an enclosure that allows visitors to get very close to these wild animals. The afternoon feeding show is a great time to see the lions active and to learn a bit more about the pride.

Paradise Valley Springs is open every day of the year from 8am to dark, with last entry at 5pm. Lion feeding is at 2.30pm everyday, followed by kea and possum feeding at 3pm.

We hope to see you at Paradise soon.

## REDWOODS ALTITUDE

Enjoy Rotorua's latest gem: a tree top experience into another world.

**Your adventure begins on the "jellyfish" – a five-story high suspended spiralling staircase,**

from there Altitude awaits – twenty-five jungle themed bridges, each one different and thrilling. Channel your inner adventurer as you make your journey high into the treetops. You'll feel like Indiana Jones' as you make your way across net and rope bridges – even dodging missing planks.

**Throw in a few flying foxes** for good measure – and this is without doubt the fun adventure you've been waiting for. Minutes from the heart of Rotorua city, in the awe-inspiring Redwood Forest, alongside our award-winning sister attractions, Redwoods Treewalk and Redwoods Nightlights.

### SOARING ADVENTURE

Pull on your safety harness, step your way up five stories and into the treetops, then let our professional guides take you on a journey through the canopy of the original Redwoods.

Building on the sustainability ethos we've won awards for, Redwoods Altitude has been built without the use of a single screw, bolt or nail going into the trees.

Instead, the entire experience uses slings and is engineered in a way that doesn't inhibit tree growth.

### EXHILARATING, INFORMATIVE – BUT MOST OF ALL FUN!

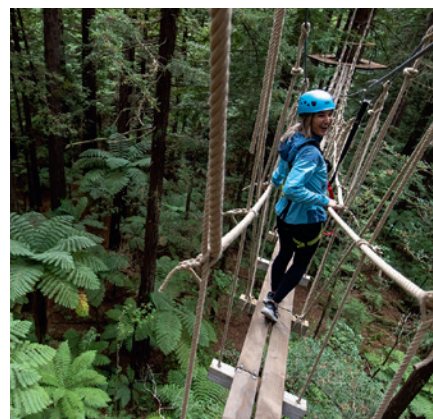

Throughout the tour, Altitude explorers are guided on their adventure while learning the stories of the forest, our region and its colourful history.

Did you know the Redwood Forest was a location used in Walt Disney's 2016 film *Pete's Dragon*? It's also been described as **'the forest moon of Endor'** by *Star Wars* fans.

Tours depart every hour from 10am, and take about two hours, leaving plenty of time to explore the rest of Rotorua. All equipment is provided – you just need to bring your sense of adventure.
