WELCOME

Rotorua is a fantastic place to visit. There really is just so much for your clients to do here. They can get up close and personal with our incredible geothermal landscape, walk along a volcano crater's edge, indulge in natural spa therapies and hot pools, enjoy extreme adventure activities or take a relaxing eco-cruise on one of our gorgeous lakes.

There is so much more to do in this year-round destination. Our clever tour operators are constantly creating new products, activities and packages, too, so we know it can be tricky wading through the options and finding the best itinerary for your clients. Luckily, we're your on-the-ground Rotorua experts, and we're here to work closely with you.

ROTORUA

WHO ARE WE?

LOU BADDILEY
INTERNATIONAL MANAGER

As a first-generation Kiwi, an Air Force kid, and being from a family of wanderlusters, it was obvious that I was going to end up working in travel! Originally from Napier, I moved to Rotorua after completing university in 2003. Rotorua is now the place I've lived the longest and is the place I call home. I'm in awe of the beauty of Rotorua and take advantage of our incredible landscape at every opportunity. In my spare time you'll find me together with my beloved dog, Monty, racing around the mountain bike trails in our incredible forest. What a playground!

Outside of work, I'm a foodie and love getting around the countryside testing out new foodie hot spots.

A people pleaser, I'm very much here to help and no question is too big or small. I look forward to working with you!

SABRINA GOGG
VISITOR SERVICES MANAGER

Born and raised in Germany, I decided to travel to New Zealand in 2011 after finishing my university degree to brush up on my English language skills. Fast forward 12 years and I am still here (sorry mum!) I absolutely fell in love with New Zealand - especially Rotorua, which I can now proudly call my home.

I studied educational science, majoring in adult education, especially development in the workplace and psychology. Little did I know that I would be able to transfer these skills to benefit the Rotorua Tourism Industry. Before joining the RotoruaNZ Team in 2015, I worked as Front Office Manager in one of the biggest motels in town. The experience in hospitality helped immensely when I started my role at the i-SITE selling Rotorua to our manuhiri, before taking up a managerial role.

It is really hard to get bored in Rotorua and even after living here for over a decade I still love getting out and about to enjoy what this great destination has to offer. You find me mostly at the Redwoods chasing my toddler or at one of our lakes!

KYLE KYDD
BUSINESS DEVELOPMENT MANAGER

I spent my childhood in the enchanting region of Coromandel, nestled close to the breathtaking Hot Water Beach. As I grew older, my career path led me to explore various industries, including commercial diving and forestry. These opportunities granted me the privilege of witnessing the unspoiled beauty of remote corners across the globe. However, I eventually found my true home in Rotorua, where I not only settled down but also established a tourism adventure park and later worked in various other roles in the tourism industry.

Now, with two decades of experience, I look forward to sharing the extensive knowledge I've gained, and welcome you to our beloved Rotorua. It is with great anticipation that I await the chance to be your host and guide you on an unforgettable adventure in this remarkable place we call home.

WHY ROTORUA?

VIBRANT MĀORI CULTURE

Rotorua is the best place in New Zealand to experience the traditional customs, practices and beliefs of our indigenous Māori people.

Awe-inspiring and authentic, Māori cultural tours and performances provide a special view into the historic lifestyle, traditions, mythology, art and more of Māori past and present. Watch a spine-tingling traditional pōhiri (welcoming ceremony), hear the hauntingly beautiful call of the kuia (female elder), learn to dance with poi or perform the haka. Watch as your dinner is pulled from a traditional hāngī (steam-cooked meal) straight out of the ground.

ACTIVE GEOTHERMAL ENVIRONMENTS

Spouting geysers, bubbling mud pools, steaming vents, boiling lakes and colourful sinter terraces are just about everywhere in and around Rotorua

Besides taking advantage of our glorious hot pools, you must make time to check out our spectacular geothermal parks – each one so different from the others. These incredible, surreal places will leave you in awe and provide the most amazing backdrop for your photography.

RICH EXPERIENCES FOR ALL

Visiting Rotorua creates memories – heart-filling, meaningful, thought-provoking, adventure-fulfilling, bucket list-ticking and inspiring memories.

Rotorua is a year-round destination, and since its creative tour operators never seem to stop inventing new products, activities and packages, one visit is never enough. We have everything here from adrenaline-inducing adventure activities through to experiences that rejuvenate and nourish. Fun fact: Rotorua has more to do than any other New Zealand destination. Bonus: For Travel Sellers, this means we have the most commissionable products too!

Imagine being able to travel over 750 acres of native bush taking in the spectacular views over Lake Rotorua and beyond. Our Rotorua Adventure Playground trails are made from old forestry tracks dating back to the 1930s and winding between native totora, rewarewa and tawa trees, which cast long shadows across the trails. You can either ride at pace on our new 4×4 self-drive buggies or take things a little slower in the four-wheel drive buggies, which will be driven by one of our professional guides.

Whether you are after an adrenaline-filled off-road experience, a stunning scenic horse trek or simply some fun with gun claybird shooting, our Rotorua Adventure Playground is the place to be. All activities make the most of the spectacular scenery overlooking Lake Rotorua and our beautiful native bush set on Mount Ngongotahā

We pride ourselves on putting safety first, and then fun, fun, fun and more fun! We love what we do and we know you will too....

All of our Rotorua 4×4 self-drive tours are headed up by one of our experienced guides in a guide vehicle, who will host you for the duration of your off-road experience. You will love our new, 2-seater & 4-seater 4×4 self-drive vehicles! We start your ride with a full safety briefing, before giving you a spin around our training paddock to get used to your 'wheels' before we start exploring the beautiful Mount Ngongotahā countryside and native bush. We take you to various scenic lookouts during your tour so make sure you bring your camera to capture the moment. All safety gear is provided.

Two people to a buggy with plenty of swaps for eligible drivers.

The highlight of the off-road experience is the breathtaking views from our highest lookout, extending across Lake Rotorua, Mokoia Island and the city of Rotorua.

HORSE TREKS

Let our experienced guides take you on a magical Rotorua Horse Trek up the magnificent Mt Ngongotahā. Our horse trails cross rolling farmland and offer spectacular views of Lake Rotorua, the city and beyond. Kaitiaki Adventures is a 120% climate positive eco/adventure tourism operator and winner of the 100% Pure NZ Award in 2019 and 2021. We utilise the unique and diverse landscapes surrounding Rotorua, and specialise in culturally integral white-water rafting and sledging experiences on the Ōkere section of the historic Kaituna River. We also lead culturally-steeped, guided hiking expeditions on Mount Tarawera. Kaitiaki is humbled to hold the sole concession to take manuhiri to the summit of Mount Tarawera.

RAFT THE KAITUNA – GRADE 5

Snake through steep, native bush-clad canyons and cascade over 14 awesome rapids and three waterfalls, including the world-renowned, 7-metre Tutea Falls, which are the highest commercially rafted waterfall in the world! Blended with touches of Māori culture, this trip offers it all, for both white water rafting enthusiasts and first timers.

SLEDGE THE KAITUNA – GRADE 3

There is something for everyone on this excursion: beautiful native scenery, play holes and awesome rapids to negotiate your way through as you take the river on at eye level. You are in charge of your own vessel, propelled by the flippers on your feet. Our guides are there to encourage, motivate and help you where necessary, awesome family fun. No experience necessary.

Discover four different tracks: the world's longest zig-zag Sidewinder Track; the smooth 'n' fast double Straight Track; MEGA Track - the longest, fastest and steepest track in all the land; and the newest track, Big Air, with sweeping corners and drops! Think of it like a giant water slide with 40 litres of water (warm in winter, cool in summer) and no tumbling involved, just full-on belly laughs from top to bottom.

Visitors are rewarded with panoramic views of Lake Rotorua and Mokoia Island from the comfort of our hilltop hot tub. Relax before, during and after riding in our hot tubs at the bottom of the hill or hang out on the beanbags on the viewing deck and watch the world roll by.

SIDEWINDER TRACK

World's longest zig-zag track. Gather speed up on the straights before riding up the sides of the six massive corners. From the inside you'll never know what is coming next. You can choose to ride solo or take a friend or two along with you to share the hilarity.

Foris Eco-tours – Authentic Eco-tourism Experiences

Foris Eco-tours provide rich, high-quality small-group experience and help customers understand more about the quirks and bizarre subtleties of New Zealand's natural history

- We hike, birdwatch and educate people about New Zealand nature
- We work with Todd Couper an internationally regarded contemporary carver
- Our tours are about a great day out in stunning places, not physical challenges
- Delicious deli lunches are provided
- Booking essential and minimum numbers apply

Where? We operate primarily in Rotorua and the Central North Island.

- Whirinaki Forest is one of the world's premier rainforests – one of the world's biodiversity hotspots, barely changed since dinosaurs lived in the undergrowth. Tall trees, rare birds and stunning scenery!
- Tongariro National Park. We offer a range of walks in less busy parts of the park as great alternatives to the Tongariro Crossing.

- Birding in the Bay of Plenty and Nationwide hiking and birding options from 1-8 days including: Auckland, Maungatautari, Tauranga, Rotorua, Tongariro, Arthurs Pass and Kaikoura.

Who? Tom Lynch runs the tours and he has many years' experience in conservation education - he's a secondary teacher; he ran award-winning Zealandia's education programme for five years, teaching over 40,000 students in that time; and he's got over 20 years' experience as a senior raft guide. He knows how to give customers a great day. We are supported by a team of experienced guides with collectively over 100-years' experience in the outdoors.

FORIS ECO-TOURS CONTINUED

WHIRINAKI DAY HIKE

This tour takes in a full day of the world famous Whirinaki Forest. Think stunning scenery, waterfalls, rare birdlife and giant 1000-year old trees. Whirinaki is regarded as NZ's most complete canopy and ranks as one of the world's great rainforests. This walk is regarded by hikers as one of New Zealand's best one-day walks. (Minimum 2 pax).

TONGARIRO DISCOVERY DAY WALK

We will craft a day walk to suit the clients, including the best scenery, stunning waterfalls and spectacular geology. We go to places off the beaten track, avoid the Tongariro Crossing and enjoy New Zealand's first National Park. (Minimum 2 pax)

NATURE MEETS CULTURE

Foris eco-tours has created a day tour for the discerning client who wants an intimate nature experience and wants to experience a genuine cultural exchange. Our nature and culture experience starts with a short walk in Otanewainuku forest (between Rotorua and Tauranga). This is a stunning forest, home to giant trees and a fantastic community organisation that has established a strong kiwi and kokako population in the forest. We lunch at Mount Maunganui and check out Mount Drury and of course New Zealand's favourite beach at the Mount. After this we have a private studio visit with Todd Couper. Todd is a Contemporary Māori artist who specialises in wood carving and sculpture and has forged his own style and direction in carving, with commissioned pieces residing in collections both locally and internationally. Todd shares his story of how Māori culture inspires his art practise.
